

DIRECT AND SCOPE 1
INDIRECT EMISSIONS SCOPE 2

NONE*

INDIRECT EMISSIONS SCOPE 3

	Fuel- and energy-related activities	→ Electricity	2.31 t CO ₂ eq	0.9 %
		→ Natural gas	193.6 t CO ₂ eq	79.3 %
	Business travel	→ Vehicle / Taxi	31.2 t CO ₂ eq	12.8 %
		→ Train	3.2 t CO ₂ eq	1.3 %
		→ Plane	10.4 t CO ₂ eq	4.2 %
	Purchased goods and services	→ Procurement / Water treatment	1.18 t CO ₂ eq	0.5 %
		→ Paper consumption PARTIAL REPORT	2.07 t CO ₂ eq	0.9 %
		→ Waste PARTIAL REPORT	0.08 t CO ₂ eq	0.4 %
SUBTOTAL 2023		→	244 t CO₂ eq	100 %
	Employee commuting	→	Underway	

NOTES

- * Given that Provencher_Roy rents its office spaces, its emissions are considered Scope 3. (Category 8 – Upstream leased assets)
-

INCLUSIONS

- Emissions related to transportation of purchased electricity for our 4 office spaces;
 - Emissions related to transportation of purchased natural gas for our 4 office spaces;
 - Emissions related to business travel;
 - An estimation of emissions related to water consumption and wastewater treatment for our 4 office spaces;
 - Emissions related to paper consumption for our Montréal office spaces (Alexandra Street and Saint-Jacques Street);
 - Emissions related to waste management for our Saint-Jacques Street office space.
-

EXCLUSIONS

- Employee commuting is not included in this inventory; TO FOLLOW
 - Waste management for Ottawa, Mirabel, and Alexandra office spaces; TO FOLLOW
 - Paper consumption for our Ottawa and Mirabel office spaces is not included due to a lack of data; TO FOLLOW
 - Purchasing and use of IT materials is excluded due to a lack of data on procurement emissions factors and on the use of cyberspace; TO FOLLOW
 - Employee commuting via public transit is excluded from this inventory due to a lack of data;
 - Fugitive emissions of refrigerant are not included due to the fact that P_R does not own any buildings, and to a lack of data;
